

# POWER ON WITH ROSSO

EXPERIENCE A RANGE OF UNINTERRUPTIBLE  
POWER SUPPLY PRODUCTS BY ROSSO.

## ROSSO TD SERIES

1000VA - 3000VA

Perfect for Small Offices, Commercial uses, Networking, Healthcare, Industrial uses and Surveillance uses.

## ROSSO RTD SERIES

6000VA - 10000VA

With its Power Factor 1, the ROSSO Power RTD Series delivers the highest active power for the same KVA. The Compact version with batteries included is the simplest choice for server protection.

## ROSSO TLS SERIES

600VA - 2000VA

Thanks to its pure sinewave output, The ROSSO TLS Series is the best choice for small sensitive IT loads with PMW technology.

## ROSSO TL SERIES

550VA - 2000VA

Based on more than 20 years of experience in line-interactive technology, The ROSSO TL Series combines the most up-to-date technologies and the highest reliability of the market.

## ROSSO TDD SERIES

1000VA - 3000VA

The Ideal UPS for applications that require extended battery operation and for medium-voltage substations. It's advanced technology maximizes battery life and ensures high efficiency
